# Why Choose Us?

## QUALITY

Quality assurance has always been a priority for Bastion. Our products are manufactured with strict quality control measures in place and are third-party audited. Bastion products are ethically sourced and certified to the highest international accreditation standards.

## EXPERTISE

With nearly two decades of experience, Bastion are barrier protection specialists. We provide technical advice and support, along with the best solutions for your workplace needs.

## RELIABILITY

We are committed to maintaining high stock levels. We are well positioned to keep you stocked through our extensive and well-resourced logistics and distribution channel.

## FIRST CLASS SERVICE

Our team have an unwavering dedication to delivering first class service. When you deal with Bastion, you'll become accustomed to an all-round great experience that includes friendly service, timely responses, efficient dispatch and accurate processing of orders.

**Protecting  
New Zealanders  
is our promise**

**bastion** 

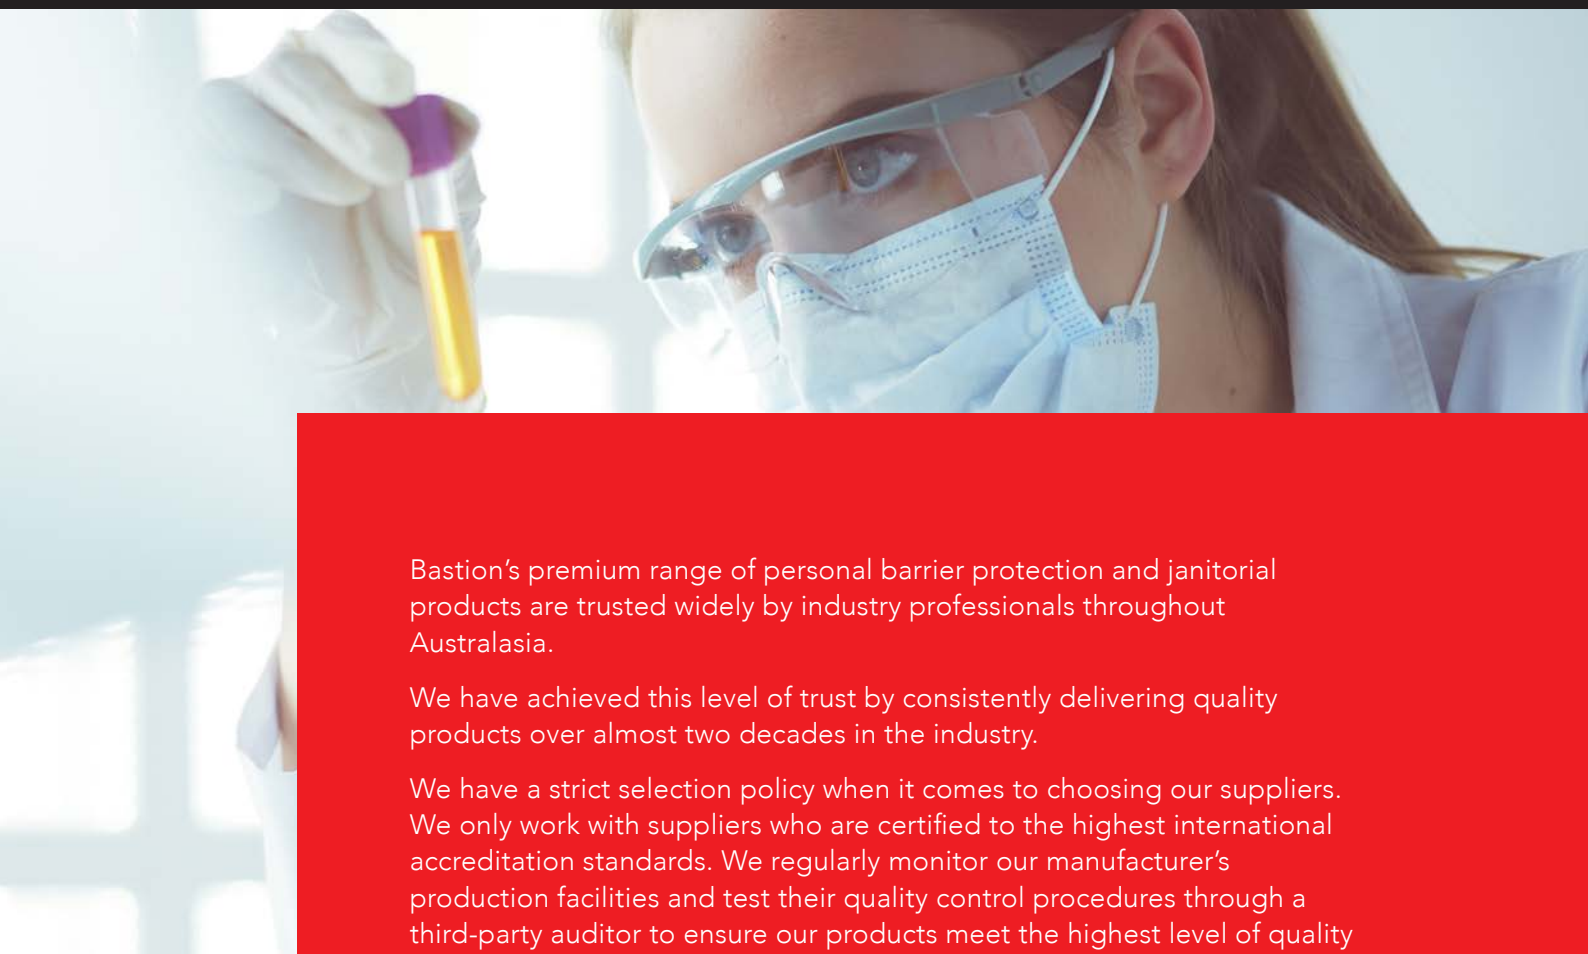

Our brand promise is to protect New Zealanders with industry leading barrier protection solutions. We strive to consistently deliver on our promise through our first class service, quality products and technical support.

---

# + Quality Assurance

YOUR SAFETY IS OUR TOP PRIORITY.

Bastion's premium range of personal barrier protection and janitorial products are trusted widely by industry professionals throughout Australasia.

We have achieved this level of trust by consistently delivering quality products over almost two decades in the industry.

We have a strict selection policy when it comes to choosing our suppliers. We only work with suppliers who are certified to the highest international accreditation standards. We regularly monitor our manufacturer's production facilities and test their quality control procedures through a third-party auditor to ensure our products meet the highest level of quality and consistency.

Our priority is ensuring that our customers never compromise on product reliability or quality.

Talk to our experienced team for technical and product assistance. They will assist you with the right product solutions for any industry application.

Bastion Vinyl Gloves	11
Bastion Polyethylene Gloves	12
Bastion Glove Brackets	13
Bastion Progenics System	15

Bastion disposable gloves are manufactured to the following international standards:

The Bastion glove range includes nitrile, vinyl, latex and PE (Polyethylene) disposable gloves.

We also offer a progenics Dispensing System which is available in both Nitrile and Vinyl gloves. This system dispenses gloves cuff first to minimise cross contamination and wastage.

---

# How to select the right disposable gloves

A Quick Guide to Bastion Glove Materials

## Latex Gloves

- Made from natural rubber from the Hevea Brasiliensis tree
- Biodegradable (naturally)
- Excellent elasticity, dexterity and flexibility

### APPLICATIONS

Beauty Therapists, Healthcare, Dentists, Laboratories, Hairdressing, Animal Handling, Childcare, Aged Care, Food Service.

## Nitrile Gloves

- Made from a mixture of Acrylonitrile and Butadiene.
- Latex free - lower risk of allergic reaction
- Excellent puncture resistance

### APPLICATIONS

Healthcare, Aged Care, Beauty, Hospitality, Food Service, Childcare, Hairdressing, Heavy Industrial Environments, Animal Handling, Food Processing.

## Choose your gloves by the Accepted Quality Level (AQL)

Disposable gloves are a staple health & safety product across a broad range of industries. Most commonly, they are used for the prevention of cross contamination, for safe food handling and protection from harm in more hazardous environments. When it comes to selecting the right disposable gloves one of the most important things to consider is the quality of the glove for the application it's being used for. Selecting gloves manufactured to an AQL standard significantly enhances personal protection for the glove wearer.

We recommend making your choice of glove based on its AQL Standard (Accepted Quality Level). AQL is a quality standard recognized worldwide for measuring the quality of products, including disposable gloves. When you select gloves based on the AQL standard you will have confidence in knowing that your workforce has the appropriate level of protection for the task or application at hand.

# Latex, Nitrile, Vinyl or Polyethylene (PE)?

This guide will help you choose the appropriate glove for the task at hand

## Vinyl Gloves

- Made from Polyvinyl Chloride
- Latex free - lower risk of allergic reaction
- Used in lower risk environments

### APPLICATIONS

Food Service, Hospitality, Cleaning.

## Polyethylene (PE) Gloves

- Made from Polyethylene
- Latex free - lower risk of allergic reaction
- Light weight for light duties

### APPLICATIONS

Food Service, Deli Counters.

The most common AQL standards are 1.5 and 4.0. For industrial and domestic jobs such as cleaning, garages, dirty factory jobs, gloves with an AQL rating of 4.0 or higher is sufficient. In industries where the risk of contamination or contact with harmful substances is greater, the AQL rating must be lower. Disposable gloves with a lower AQL rating of 1.5 can safely be used by medical, food service and industrial professionals to reduce cross contamination, and for safe food handling and protection from hazardous substances.

Bastion disposable gloves are certified to a 1.5 AQL standard offering superior barrier protection – a reason why they are widely trusted by industry professionals throughout Australasia.

*\*\*Glove manufacturers are obliged to print the AQL on each box if their gloves are registered for protection against chemicals and micro-organisms.*

# Industry Suitability

## Bastion Nitrile Gloves

### Bastion Nitrile Long Cuff Powder Free Blue Gloves

Bastion Nitrile Long Cuff Powder Free Blue Gloves offer greater resistance to punctures and abrasions than vinyl or latex gloves. They are the preferred option in hi risk emergency situations or where a superior level of protection is required.

- Superior puncture resistance, surface strength and longer shelf life over latex and vinyl gloves
- Ambidextrous
- Superior resistance to contamination
- Dermatologically tested to prevent allergic reactions that can be encountered with latex
- Extra long 300 mm hi-protection long cuff
- Micro textured on palm and fingers for excellent wet and dry grip
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/205	Small	10	100	1000
100/206	Medium	10	100	1000
100/207	Large	10	100	1000
100/208	X-Large	10	100	1000
100/209	XX-Large	10	100	1000

## Bastion Nitrile Soft Powder Free Blue Gloves

Bastion Nitrile Soft Powder Free Blue Gloves are for applications where infection control is paramount and when more dexterity is preferred.

- Excellent puncture resistance, surface strength and longer shelf life over latex and vinyl gloves
- Ambidextrous
- Superior resistance to contamination
- Softer and thinner formulation for improved feel and sensitivity
- Dermatologically tested to prevent allergic reactions that can be encountered with latex
- Micro textured fingertips for excellent wet and dry grip
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/251	Small	10	100	1000
100/252	Medium	10	100	1000
100/253	Large	10	100	1000
100/254	X-Large	10	100	1000

## Bastion Nitrile Premium Powder Free Black Gloves

Bastion Nitrile Premium Powder Free Black Gloves are commonly used in trade based jobs as they provide increased resistance to punctures, chemicals, inks and solvents.

- Excellent puncture resistance, surface strength and longer shelf life over latex and vinyl gloves
- Ambidextrous
- Superior resistance to contamination
- Designed with a fully textured finish to give the user greater sensitivity and enhanced grip
- Black gloves do not show stains from inks and dyes
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
BNG6872	Small	10	100	1000
BNG6873	Medium	10	100	1000
BNG6874	Large	10	100	1000
BNG6875	X-Large	10	100	1000

## Bastion Latex Gloves

### Bastion Latex Powder Free Gloves

Bastion Latex Powder Free Gloves offer premium thickness.

- Biodegradable rubber breaks down in landfills over time
- Ambidextrous
- Silicone free
- Durable, flexible material and good elasticity
- Excellent strength and tactility
- Micro textured finish allows for outstanding wet & dry grip
- Comfortable fit
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/161	Small	10	100	1000
100/162	Medium	10	100	1000
100/163	Large	10	100	1000
100/164	X-Large	10	100	1000

## Bastion Latex Omni Powder Free Gloves

Bastion Latex Omni Powder Free Gloves are an economic alternative to latex gloves. Suitable for lower risk work environments.

- Biodegradable rubber breaks down in landfills over time
- Ambidextrous
- Silicone free
- Durable, flexible material and good elasticity
- Lighter formulation for improved feel and sensitivity
- Comfortable fit
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/171	Small	10	100	1000
100/172	Medium	10	100	1000
100/173	Large	10	100	1000

## Bastion Latex High Risk Powder Free Gloves

Bastion Latex High Risk Powder Free Gloves provide extra protection as they are significantly thicker than our traditional latex gloves.

- Biodegradable rubber breaks down in landfills over time
- Ambidextrous
- Silicone free
- Durable, flexible material and good elasticity
- Excellent strength and tactility
- Micro textured finish allows for outstanding wet & dry grip
- Extra long 300 mm hi-protection long cuff
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/303	Small	10	50	500
100/304	Medium	10	50	500
100/305	Large	10	50	500
100/306	X-Large	10	50	500
100/307	XX-Large	10	45	450

# Bastion Vinyl and Polyethylene Gloves

## Bastion Vinyl Ultra Powder Free Blue Gloves

Bastion Vinyl Ultra Powder Free Blue Gloves are a low-cost disposable glove option for lower risk work environments, such as food service and hairdressing.

- Longer shelf life compared to latex
- Ambidextrous
- Ideal for high use applications where blood and fluids contamination risk is lower
- Blue vinyl gloves provide easy identification in food production
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/461	Small	10	100	1000
100/462	Medium	10	100	1000
100/463	Large	10	100	1000
100/464	X-Large	10	100	1000

## Bastion Vinyl Powder Free Clear Gloves

Bastion Vinyl Powder Free Clear Gloves are a low-cost disposable glove option for lower risk work environments, such as food service and hairdressing.

- Longer shelf life compared to latex
- Ambidextrous
- Ideal for high use applications where blood and fluid contamination risk is lower
- HACCP certified, Medsafe registered and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/491	Small	10	100	1000
100/492	Medium	10	100	1000
100/493	Large	10	100	1000
100/494	X-Large	10	100	1000

## Bastion Polyethylene (PE) Powder Free Clear Gloves

Non-sterile, ideal for food service and “low-risk, light-handling” applications. An economical alternative glove for short term food handling uses. Unlike our other gloves, these are not snug fitting.

- Embossed surface for better grip
- Lightweight, latex free, powder free
- Ambidextrous
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/501	Medium	100	100	10000
100/502	Large	100	100	10000
100/503	X-Large	100	100	10000

# Bastion Glove Dispenser Brackets

## Bastion Wire Glove Dispenser Brackets

Wall mounted metal wire holder for all standard Bastion glove boxes.

- White Powder Coated Steel
- Comes with fixings for wall mounting

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/115	Single Wall Bracket 285L x 88W x 105H (mm)	1	1	1
1000/116	Triple Wall Bracket 280L x 90W x 360H (mm)	1	1	1

## Bastion Acrylic Glove Dispenser Bracket

Wall mounted acrylic dispenser bracket for all standard Bastion glove boxes.

- Made from acrylic plastic
- Comes with fixings for wall mounting

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/106	240L x 88W x 129H (mm)	1	1	1

# Bastion Progenics System

## Bastion Progenics Vinyl Powder Free Clear Gloves

Gloves are dispensed cuff first from the box to help reduce the risk of contamination and wastage.

- Vinyl gloves have longer shelf life compared to latex gloves
- Ambidextrous
- Ideal for high use applications where blood and fluid contamination risk is lower

Item Code	Description	Inners	Qty per inner	Full ctn qty

- Micro textured on fingertips for excellent wet and dry grip

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/631	Small	8	250	2000
100/632	Medium	8	250	2000
100/633	Large	8	250	2000
100/634	X-Large	8	240	1920

# An Innovative Dispensing System To Reduce Contamination & Glove Wastage

Bastion Progenics is an innovative dispensing system, superior to any traditional disposable glove dispensing methods. It is designed specifically to minimise cross-contamination and to significantly reduce overall glove wastage and cost. This unique system is fast and easy to use. Gloves are dispensed one at a time, cuff first from the bottom of the box, preventing the user from touching the gloves inside the box. Additionally, unused gloves cannot be inserted back into the box, which further reduces the risk of cross-contamination. The Progenics system is the optimal dispensing solution in environments where hygiene is a pre-requisite.

**CUFF FIRST REMOVAL**  
FOR EASE OF USE

## Bastion Progenics Dispenser Brackets

Acrylic wall mounted dispenser bracket keeps gloves away from contaminated surfaces.

- Boxes are easily removed and replaced
- Brackets are supplied in kits with screw fittings, double sided tape and mounting instructions

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/113	Single Wall Bracket 130L x 140W x 95H (mm)	1	1	1
1000/117	Triple Wall Bracket 375L x 140W x 95H (mm)	1	1	1

# Reusable Gloves

## Bastion Silverlined Gloves

19

Bastion reusable gloves are manufactured to the following international standards:

Silverlined (Latex) reusable gloves are designed for food processing, commercial cleaning and for general purpose business and household usage.

The Latex outer offers durability, resists alkalis, alcohols, detergents, and chemical solutions. The inner silver lining provides heat resistance, while making them easy to put on and take off.

---

# Bastion Silverlined Gloves

## Bastion Silverlined Yellow Gloves (Latex)

Bastion Latex Silverlined gloves come with an outer honey comb pattern for excellent grip, especially in wet applications.

- Excellent strength, grip, abrasion, tear and puncture resistance
- Silverlined for easier donning
- Sanitized additive included to protect against bacterial and fungal growth
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
100/706	Small	12	12	144

Bastion disposable clothing is suitable for a wide range of uses including healthcare, industrial, cleaning, food manufacturing, food service and farming.

We have you covered from head to toe when it comes to disposable clothing. We offer gowns, aprons, splash jackets and labcoats, masks, beard protectors, hats, overshoes and sleeve protectors.

---

## Bastion Gowns and Labcoats

### Bastion Gowns

Bastion Polypropylene Gowns are used in medical, healthcare, animal care and food processing environments.

- Excellent protection, comfort and breathability
- High level of fluid protection
- 40 gsm non woven polypropylene
- One size fits all (137cm x 140cm)
- Hook and loop neck fastener
- Tie around waist for snug fit
- Elastic cuffs
- Available in white, blue or yellow (Isolation)
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/919	White - Clinical Gown 1400L x 1370W (mm)	1	100	100
700/920	Blue - Clinical Gown 1400L x 1370W (mm)	1	100	100
700/925	Yellow - Isolation Gown 1400L x 1370W (mm)	10	10	100

## Bastion Labcoat White

Bastion Polypropylene Labcoats are used in medical, healthcare, animal care and food processing environments.

- Excellent protection, comfort and breathability
- High level of fluid protection
- 40gsm non woven polypropylene
- Hook and loop fasteners
- 1 Pocket
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/903	Medium 1250L x 1000W (mm)	1	100	100

## Bastion Standard Duty Aprons

Bastion Standard Duty LPDE White Aprons are suitable for patient care, food preparation and cleaning applications.

- Individual tear off for ease of use
- Smooth soft surface for easy wearing
- Fitted using ties at rear
- 30 microns thickness
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/401	White 1250L x 800W (mm)	10	50	500

## Bastion Heavy Duty Aprons

Bastion Heavy Duty LPDE Aprons are suitable for food preparation, cleaning and where more protection is required.

- Heavier Duty apron for more rigorous activities
- Individual tear off for ease of use
- Smooth soft surface for easy wearing
- Fitted using ties at rear
- 40 microns thickness
- Available in white or blue options
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/404	White 1250L x 800W (mm)	10	50	500
700/405	Blue 1250L x 800W (mm)	10	50	500

## Bastion Masks, Beard Protectors and Hats

### Bastion Surgical Face Mask

Bastion face masks are made of 3 ply polypropylene to filter and catch bacteria shed in liquid droplets and aerosols from the mouth and nose.

- Universal elasticated ear loops for comfort
- Skin-friendly material
- 3 ply layered and pleated design with a flexible nose wire
- Latex and fiberglass free with a breathable soft lining
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/210	Blue - Ear Loops	20	50	1000

### Bastion Beard Protectors

Bastion Beard Protectors are made of polypropylene and prevent the transfer of hair and skin particles in a hygienic environment. They are skin friendly and comfortable and easy to put on.

- Single loop elasticated shape for securing around different beard styles
- Double loop elasticated shape for extra support when securing
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/200	White - Single Loop	10	100	1000
700/201	White - Double Loop	10	100	1000

## Bastion Bouffant Hats (for long hair)

Bastion Bouffant Hats gather and contain long hair.

- Universal fit and comfortable design
- Skin-friendly material
- Easy to fit with an elasticated bouffant shape for securing around hair
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/100	White - 53cm/21"	10	100	1000
700/101	Blue - 53cm/21"	10	100	1000

700/103	Green - 53cm/21"	10	100	1000
700/104	Blue - 61cm/24"	10	100	1000
700/105	White - 61cm/24"	10	100	1000

## Bastion Clip Hats (for short hair)

Bastion Clip Hats gather and contain shorter hair.

- Universal fit and comfortable design
- Skin-friendly material
- Elasticated shape for securing around head
- Clip variation provides extra crimping of the hat
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/106	White - 53cm/21"	10	100	1000
700/107	Blue - 53cm/21"	10	100	1000
700/108	Red - 53cm/21"	10	100	1000

700/113	Blue - 61cm/24"	10	100	1000

## Bastion Acrylic Clip Hat Dispenser

Bastion clear acrylic clip hat dispensers have been designed to store clips hats out of contamination and for easy access.

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/105	210W x 110D x 315H(mm)	1	1	1

# Bastion Boot Covers, Overshoes and Sleeve Protectors

## Bastion Polyethylene Boot Covers

Polyethylene Boot Covers are ideal for use in wet environments indoors or a clean air facility where airborne contamination from particles must be kept to a minimum.

- Dust repellent to avoid contamination
- Elasticated band at top to secure to clothing
- Waterproof plastic
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/300	Clear 400 x 500 (mm)	20	50	1000

## Bastion Polyethylene Overshoes

Ideal for use in wet environments indoors or a clean air facility where airborne contamination from loose particles must be kept to a minimum.

- Dust repellent to avoid contamination
- Elasticated band at top to secure to shoe
- Waterproof plastic
- Fits over small to larger sized shoes
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/303	White 410 x 170 (mm)	20	100	2000
700/303B	Blue 390 x 150 (mm)	20	100	2000

## Bastion Polypropylene Overshoes

Polypropylene shoe covers are made from heavy weight (40gsm) material. Ideal for use in areas where the user is indoors and working in dry areas.

- Dust repellent to avoid contamination
- Lightweight, breathable, splash resistant
- Elasticated band at top to secure to shoe
- Non skid sole
- Fits over small to large sized shoes
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/301	Blue 410 x 170 (mm)	10	100	1000

## Bastion Polypropylene Concise-Fit Anti-Skid Overshoes

Polypropylene disposable shoe covers are made from heavy weight (40gsm) material with a painted white non skid sole for a better grip. Ideal for use where the user is indoors and working in dry areas.

- Anti-skid pattern on base for extra secure footing
- Dust repellent to avoid contamination
- Elasticated band at top to secure to shoe
- Breathable
- Fits over small to large sized shoes
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/302	Blue 410 x 170 (mm)	10	100	1000

## Bastion Plastic Sleeve Protectors

Bastion Plastic Sleeve Protectors are used for medical, general industry, food processing, farming and home care applications.

- Elasticated low density polyethylene (LDPE) ends for exact and comfortable fit
- Provides superior protection
- 400mm length for excellent protection from wrist to elbow
- HACCP certified and FDA approved

Item Code	Description	Inners	Qty per inner	Full ctn qty
700/500	White 400L x 190W (mm)	20	100	2000
700/501	Blue 400L x 190W (mm)	20	100	2000

# Janitorials

Bastion Wipes on a Roll	33
Bastion Dry Handi Wipes	34
Bastion Scouring Pads	34
Bastion Waste Bin Liners	35
Bastion Bin Liners in a Box	35
Bastion Kitchen Tidies	36

Cleaning is one of the most important parts of any industry. Which is why we have sourced a quality range of products including heavy duty and regular duty wipes, dry handi wipes, souring pads, bin liners, and kitchen tidies.

---

# Bastion Wipes and Scouring Pads

## Bastion Heavy Duty Wipes on a Roll

Bastion Heavy Duty Cleaning Wipes are made of 70% viscose and 30% polyester.

- Extra strong spunlace construction
- Excellent absorbency
- Easy tear off perforated sheets
- Re-usable and fast drying
- Different colours for specific applications
- HACCP certified

Item Code	Description	Sheets per roll	Rolls per ctn
1000/121	Blue - 500 x 300 (mm)	90	4
1000/122	Red - 500 x 300 (mm)	90	4
1000/123	Green - 500 x 300 (mm)	90	4
1000/124	Yellow - 500 x 300 (mm)	90	4
1000/125	Cappuccino - 500 x 300 (mm)	90	4

## Bastion Regular Duty Wipes on a Roll

Bastion Regular Duty Cleaning Wipes are made of 70% viscose and 30% polyester.

- Spunlace construction
- Excellent absorbency
- Easy tear off perforated sheets
- Re-usable and fast drying
- Different colours for specific applications
- HACCP certified

Item Code	Description	Sheets per roll	Rolls per ctn
1000/141	Blue - 500 x 300 (mm)	90	6
1000/142	Red - 500 x 300 (mm)	90	6
1000/143	Green - 500 x 300 (mm)	90	6
1000/144	Yellow - 500 x 300 (mm)	90	6

### Bastion Dry Handi-Wipes White

Bastion Dry Handi-Wipes come in a dispenser box with a carry handle. Wipes consist of 45% cellulose and 55% polyester and are ideal for many applications where a fast “spill-clean-up” wipe is required.

- Sheets folded and dispensed via dispenser box
- Large 500mm x 300mm surface area
- Extremely high tear strength and absorption
- Ideal for water and oily liquids
- Very low lint properties
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/131	500mm x 300mm	4	150	600

### Bastion Green Scouring Pads

Bastion scouring pads are hard wearing and effective for scrubbing surfaces.

- Made from 50% Terylene and 50% Nylon
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
1000/111	Bulk Pack 200 x 145 (mm)	1	100	100
1000/112	10 x 10 Pack 200 x 145 (mm)	10	10	100

## Bastion Bin Liners and Kitchen Tidies

### Bastion Waste Bin Liners

Bastion Bin Liners are made from virgin and recycled virgin tailings and off-cuts for consistent strength and reliability.

- Extra strong HDPE
- Low-odour HDPE
- Folded and dispensed neatly from a pack
- High-puncture/tear resistant
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
200/110	White - 60 Ltr 640W x 830H (mm)	10	50	500
200/111	Black - 60 Ltr 640W x 830H (mm)	10	50	500
200/112	Black - 80 Ltr 775W x 960H (mm)	5	50	250
200/113	Black - 120 Ltr 950W x 1200H (mm)	8	25	200
200/114	Black - 200 Ltr 900W x 1340H (mm)	6	25	150
200/115	Black - 240 Ltr 1120W x 1500H (mm)	4	25	100

### Bastion Bin Liners in a Box

Bastion HDPE Kitchen Tidies are made from virgin and recycled virgin tailings and off-cuts for consistent strength and reliability.

- Extra strong HDPE
- Low-odour HDPE
- Folded for easy dispensing from box
- Perforated bags
- High-puncture/tear resistant
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
200/120	Black - 80 Ltr 780W x 1020H (mm)	1	100	100

## Bastion Kitchen Tidies (White)

Bastion LDPE Kitchen Tidies are made from virgin and recycled virgin tailings and off-cuts for consistent strength and reliability.

- Extra strong LDPE
- Low-odour LDPE
- Perforated bags
- High-puncture/tear resistant
- HACCP certified

Item Code	Description	Inners	Qty per inner	Full ctn qty
200/107	White - 18 Ltr 535L x 455W (mm)	48	50	2400
200/108	White - 27 Ltr 650L x 550W (mm)	48	50	2400
200/109	White - 36 Ltr 710L x 585W (mm)	24	50	1200

# Industrial Gloves

Chemical Resistant Gloves	41
Cut Resistant Gloves	43
General Handling Gloves	47
Leather Gloves	53
Thermal Safety Gloves	54
Glove Clips	54

In the workplace, the right safety gloves are essential in preventing injuries such as cuts, punctures, chemical and thermal burns, abrasions and more.

Bastion has a diverse range of industrial gloves suitable for various applications and industries - including chemical and cut resistant gloves, general handling gloves, thermal safety gloves and leather gloves.

**Cut Resistant**

# Bastion Industrial Gloves

**General Handling**

**Natural Leather**

**Thermal Safety**

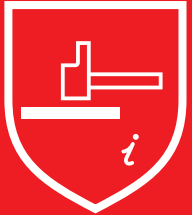

## Understanding Performance Levels

Bastion gloves are certified to EN 388:2016 European safety standard third-party test that evaluates gloves for abrasion, cut, tear, and puncture resistance.

Each glove has a pictogram that indicates it has passed the EN388:2016 standard. The numbers indicate how well they performed against each test.

EN388:2016

**EN388**

**1 2 3 4 X**

**ABRASION RESISTANCE (1-4)**

**CUT RESISTANCE (COUP TEST) (1-5)**

**TEAR RESISTANCE (1-4)**

**PUNCTURE RESISTANCE (1-4)**

**CUT RESISTANCE ISO 13997 (A-F)**

## How To Read The Numbers & Letters

Cut resistance is rated 1-5, while all other physical performance factors (abrasion, tear, and puncture resistance) are rated 1-4. The higher the number indicates a better performance.

In the TDM cut resistance test, the glove is assigned a letter from A to F, where F indicates the highest level of protection.

Performance Rating	1	2	3	4	5	
Abrasion Resistance (Cycles)	100	500	2000	8000	-	
Circular Blade Cut Resistance (Coupe Test Method)	1.2	2.5	5.0	10	20	
Tear Resistance (Newtons)	10	25	50	75	-	
Puncture Resistance (Newtons)	20	60	100	150	-	
Performance Rating	A	B	C	D	E	F
Cut Resistance (ISO 13997 - TDM Test Method)	2	5	10	15	22	30

## Colour Sizing Chart

Many of our safety gloves have a coloured band at the cuff to quickly identify the size.

# Bastion Chemical Resistant Gloves

## PVC Red Gloves

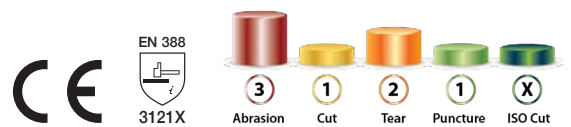

**Features:**

- Excellent resistance to chemicals and petroleum based products
- Single dipped coating with good feel and flexibility
- Cotton interlock liner for increased comfort and perspiration absorption
- 45cm option for increased arm protection
- Knitted cuff option for better fit and debris exclusion

### APPLICATIONS

- Automotive, Chemical Processing, Fisheries, Pharmaceutical, Petroleum Refining, Forestry and Manufacturing
- Transport and Logistics, Engineering and Welding, Recycling and Waste Management, Facilities Maintenance and Heavy Industry (For Knitted Cuff)

# Bastion Cut Resistant Gloves

## Arezzo™ Cut 5 HPPE Gloves

- Blue Full Nitrile Coating and Black Sandy Foam Nitrile Coating

### Features:

- 13G seamless HPPE/glass fibre cut level 5 shell
- Fully dipped nitrile coating for superior oil and water resistance
- Excellent abrasion resistance
- Sandy foam nitrile second coat provides excellent grip in dry, wet and oily conditions
- Elastic knitted cuffs for comfortable secure fit
- Individual hang sell packs
- Colour coded band to indicate size

### APPLICATIONS

- Automotive, Facility Maintenance, Machinery and Equipment, Transportation and Warehousing, Construction, Glass and Building Material
